Doctors of Putnam County					A law passed in 1896 by the Ohio Legislature requiring all physicians to register at the Clerk of Courts office in the county in which they practiced.
					After that date each physician registered as he began practice in various counties. Medical directories of Ohio listed practitioners and their location.
					The Ohio State Medical Society also published a list of its members but failed to show any physicians in Putnam County prior to 1865.
					2 types of doctors - regular doctors and another school of med that had several phases "steam" "thompsonian" "Botonic" "Electric"
